Crafted in Britain

German Engineering

YOURDOOR is part of the SOMMER Group – specialists in beautifully built garage doors that are smart, safe, and stylish. Each door is made to measure right here in the UK, combining British craftsmanship with precision German automation.

The result?

A door that looks incredible, lasts for years, and works like magic every time you use it.

We've Thought of Everything So You Don't Have To.

Spring Covers to protect curious hands and create a sleek finish

White Hinges & Hardware for a clean, modern look from the inside

Duplex Rollers ensure quieter movement and stronger security

Motor-on-Chain Drive for ultra-reliable operation

4-Edge EPDM seals reduce drafts, water and noise

Obstacle Detection

Made to Measure at no extra cost

Optional Alarm & Burglar Resistance Kits for peace of mind

Smart Control with SOMweb app – open, close and monitor remotely

Can accommodate larger vehicles with a space-saving track design

Panoramic fully glazed panel available on request

WHY CHOOSE YOURDOOR?

YOUR DOOR. YOUR DESIGN.

Tailor the look to your home

We offer two clean rib styles:

L-Ribs

Large, bold ribs for modern homes

M-Ribs

Subtle texture, timeless design

Panel Styles

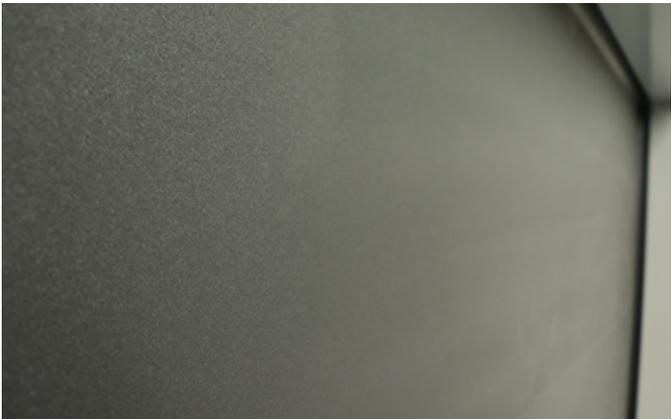

Smooth

Elegant, dirt-repellent finish

Woodgrain

Classic texture with rustic appeal

Textured

Minimal glare, low maintenance

Standard Colours

TREND COLOURS

Make your garage door stand out or blend in beautifully

Garage Door, Meet Smart Home.

SOMweb lets you open, close, and monitor your garage door from your phone, tablet, or PC — all without your data ever leaving home.

No cloud storage – your data stays local

Add users for the whole family

Receive notification when your door opens or closes

Fully compatible with Apple HomeKit, Google Assistant & Amazon Alexa

Requires photocells for safety

Track Systems

HOME is one of the most innovative modular door systems on the market. A general rail set, plus the specific X, F or R hardware box and springs is all you need. The greatest advantage of the system is that the rail set is the same for all three of our HOME systems.

HOME-X

The residential door system with extension springs.

HOME-F

The residential door system with front mounted torsion springs.

HOME-R

The residential door system with rear-mounted torsion springs.

Add-ons

Pass Door

The innovative DOCO wicket door for our sectional door systems.

Home Zero

The ultimate addition to your HOME system when space is lacking.

Flood Barrier

Sectional door protection against flash flooding and heavy rain.
